(Regeneration Harvest)

THIS AGREEMENT, made and entered into this September 21, 2021, by and between the Commonwealth of Virginia, Department of Wildlife Resources hereinafter called DWR, and _____, of _____, Virginia, hereinafter called the Purchaser.

WITNESSETH THAT:

ARTICLE I

(1) DWR agrees to sell and the Purchaser agrees to buy all the standing timber designated for cutting within 48.9 acres of eight units with blue painted cutting boundaries. See attached map, for unit location and consult Virginia highway map. The volume is estimated to be approximately 540 standard cords of pulpwood and 396,532 board feet of sawtimber.

(2) DWR guarantees the title to said timber and to defend it against any and all claims for taxes, mortgages or other legitimate encumbrances at its own expense.

(3) DWR hereby expressly grants to the Purchaser the right of ingress and egress across and upon the sale area.

ARTICLE II

(1) The Purchaser agrees to pay DWR for this harvestable timber within the eight cutting units a price of _____\$.

(2) The initial down payment of 15% will go toward payment of the timber to be harvested. The Purchaser agrees to pay the Department of Wildlife Resources for all timber sold hereunder. The balance of said amount (BALANCE = FULL AMOUNT MINUS DEPOSIT) shall be due as follows: 25% of the purchase price to be paid on March 21, 2022 or when the harvest begins, whichever occurs first, the next payment of 30% of purchase price shall be due on June 21, 2022 or when ¼ of the stumpage has been cut, whichever occurs first, and the final 30% of purchase price is due on September 21, 2022 or when ½ of the stumpage has been cut, whichever occurs first. Checks are to be made payable to the **Treasurer of Virginia** and sent to **Kent Burtner, Forester, Virginia Department of Wildlife Resources, P.O. Box 996, Verona, VA 24482.**

(3) No timber shall be cut, nor shall this contract be deemed to be in effect until the appropriate signatures have been affixed to this contract.

(4) Unless a written extension of time is granted by the DWR, or barring forfeiture of cutting rights for noncompliance of contract provisions, all stumpage to be harvested in this harvest shall be removed on or before September 21, 2023.

ARTICLE III

(1) Timber harvested hereunder shall be felled, skidded and concentrated in such manner as to cause the least possible waste and a minimum of damage to streams, creeks, springs and soils.

- (a) Harvesting shall be performed by certified logging crews (SHARP LOGGER or equivalent) and a valid certificate shall be submitted to the Virginia Department of Wildlife Resources prior to the start of any harvesting activities.
 - (b) Stumps shall be cut in such manner as to cause the least possible waste and not higher than ten inches above ground level.
 - (c) **All trees 2 inches in diameter at breast height (DBH) and larger** shall be felled within the cutting boundaries except the following: Dogwood, Persimmon or Serviceberry. Den trees are to be left standing. Logging debris accumulated outside the harvest area shall be pulled back within the area unless otherwise specified by the DWR. Logging debris should not be left in large piles at the deck. To the extent possible, logging debris should be evenly distributed across the logging site. Logging slash will be distributed as evenly as possible across the sites harvested and will be removed from the major forest roads.
 - (d) No trees, laps or logging debris will be left in streams, creeks or springs.
 - (e) The Purchaser and DWR shall mutually lay out the designated system of skidding trails and loading decks over which the timber sold hereunder shall be removed. All skidding and assembling activities will be confined to these trails and loading decks and no other. Stand access will be designated as shown on the attached sketch maps, or as mutually agreed upon.
 - (f) DWR and the Purchaser shall mutually agree to postpone logging activities during such time as these activities would result in detrimental consequences to forest soils during prolong periods of inclement weather. The harvest period may be extended by the number of days which the inclement weather forces the suspension of the harvest.
- (2) Sawtimber, pulpwood or other products produced by the Purchaser from standing trees shall be removed in such a manner as to cause the least possible damage to the existing main haul roads and no public hazard at entrance ways to primary and secondary Virginia highways.
- (a) Access to the harvest area is adequate and main hauls will be confined to this system for all personnel, materials and logging equipment including transport trucks necessary for the removal of said timber; the right to designate or approve the location of any new road across DWR land is specifically reserved.
 - (b) All such new roads with the exception of skidding roads constructed by the Purchaser and all existing roads within the harvest area shall be left in passable condition (usable by pickup truck) during the contract period. Upon completion of this contract, **existing roads shall be restored to a condition equal to or better than the condition prior to the beginning of the logging operation.” Buyer to purchase a minimum of 150 tons of gravel to maintain the access roads.**
 - (c) The Purchaser shall comply with the Water Quality and BMP standards listed in the “Virginia’s Forestry Best Management Practices for Water Quality, Fourth Edition” issued by the Virginia Department of Forestry, as well as all applicable laws and regulations of the Commonwealth of Virginia. The Department reserves specifically the right to request corrective action of the Purchaser in maintenance of culvert pipes,

water bars, side ditches, lead-off ditches and seeding/stabilization where destructive action of the Purchaser has contributed to an erosion problem.

- (d) The Purchaser shall guard against the unnecessary transfer of mud and debris by vehicle onto the public highway system of the Commonwealth of Virginia, whereby the same poses a threat to public safety. Furthermore, the Purchaser assumes the responsibility for the preventive and/or corrective action necessary to eliminate this source of hazard should the problem develop.
- (e) The purchaser will assume the responsibility for stabilizing against erosion on the harvest areas, used forest roads and trails according to the Water Quality BMP Handbook.
- (3) The Purchaser agrees to exercise the utmost care and caution to prevent the inception and spread of fires on the area for sale and on adjoining areas. The Purchaser further agrees to observe and comply with all the forest fire laws of the State of Virginia which may be applicable. The Purchaser will be held liable for costs associated with controlling any fire caused by the harvest operation or for fire damage to residual trees and adjacent forest stands.
- (4) The purchaser shall notify the Department when harvesting begins and at least 1 business week before completion of sale.

ARTICLE IV

DWR reserves the right to postpone timber removal under terms of this contract for gross noncompliance with the agreed upon provisions herein, to the extent, however, that in case of dispute over the terms of this agreement, DWR and the Purchaser agree to accept the decision of an arbitration board of three selected persons. Each of the contracting persons will select one person and the two selected will select a third to form this board. In the event a satisfactory decision is not reached, appeal to the local Circuit Court is available.

- (a) The Purchaser will not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin, except where religion, sex or national origin is a bonafide occupational qualification reasonably necessary to the normal operation of the Purchaser.
- (b) The Purchaser agrees to post in conspicuous places, available to employees and applicants for employment, notice setting forth the provisions of this nondiscrimination clause.

(3) DRUG FREE WORKPLACE: The Contractor acknowledges and certifies that it understands that the following acts by the Contractor, its employees, and/or agents performing services on state property are prohibited:

(5) No bidder shall confer on any public employee having official responsibility for a procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value is exchanged.

(6) The Purchaser/contractor shall indemnify, and hold harmless the Commonwealth of Virginia, its offices, agents and employees from any claims, suits, liability or damage arising from or caused by negligence on the part of the Purchaser/Contractor in harvesting the timber herein conveyed.

(7) This contract may not be assigned, sublet or transferred without the written consent of the Department.

- (8) **INSURANCE:** By signing and submitting a bid under this solicitation, the bidder or offer or certifies that if awarded the contract, it will have the following insurance coverages at the time the contract is awarded.
