

**~~4VAC15-20-110. Refusal to surrender licenses, permits, stamps, or records to department representatives.~~**

~~No agent, or any other person for him, in possession of issued or unissued hunting, fishing or trapping licenses, permits, stamps, or records pertaining to them, shall refuse to surrender upon demand such licenses, permits, stamps or records to department representatives authorized by the director to take such licenses, permits, stamps, and records into custody.~~

Rationale: With paper licenses and records no longer issued, this is an unnecessary section that can be repealed and reduces our regulatory burden by one mandate. The official licensing system used by DWR is all online.
